*The most recent data for major airports (including YVR) are preliminary estimates that will be revised in a future release. Since these estimates contribute to provincial and national totals, these totals will also be revised. Due to irregularities in origins of visitors reported at BC land ports, use caution when interpreting year over year changes; Destination BC is working with Statistics Canada to determine the cause of the irregularities and solutions for moving forward. **Due to concerns regarding data for origin of international visitors arriving from countries other than the United States, individual country statistics have been omitted.

Note: Customs entries include international visitors who cross Canada Customs in British Columbia. These figures do not account for all visitors to BC since domestic visitors are excluded as well as international visitors who cross Canada Customs outside BC yet still travel to BC. Likewise, customs entries include visitors that cross Canada Customs in BC, but who continue on to other provinces.
